

Job Title: Project Engineer

Location: Bristol, BS34 7PZ

Salary: £30,000 (dependent on skills and experience)

Contract Type: Permanent

Do you enjoy being part of a highly respected team of experts, developing the next generation of solutions to challenges faced around the world? Are you at your best when developing the technical solutions which lead to better, safer, more reliable products? Precision, safety and quality within aerospace, automotive and energy sectors worldwide have an enormous impact on our lives. Third Dimension are a global leader in the development and manufacture of non-contact, precision profile measurement solutions.

This is a fantastic opportunity for a motivated Engineer who wants to work on a variety of customer led and engineering projects. As part of the Engineering team, you will work across multiple projects using your knowledge and insight to contribute to the process design to ensure our products are customer ready.

To be successful in the role you will be organised, thorough and a self-starter. You will also recognise the fluid and flexible requirements of a small but growing business, and your communication skills will be second to none.

You will have a broad understanding of a range of technology areas which may include optics, software, hardware, user interface, computer interface and robotics.

We are happy to consider a wide range of backgrounds and levels of experience so we would love to hear from you whether this is a direct fit for your experience and skills, or an opportunity where you might need more support and executive team guidance to reach your full potential.

What we offer

- A salary of £30,000 per annum depending on experience
- Flexible working around core hours (full time working week 37.5 hours) We are happy to talk about further flexible working options at application or interview stage.
- Pensions - up to 5% matched employer pension contributions
- Development – as you grow in the role, we will support you throughout that journey
- 25 days annual leave plus bank holidays, rising to 27.5 days after 5 years' service pro-rata depending on hours worked
- Eligibility for the company discretionary bonus scheme after 2 years of service
- Private health insurance
- Healthcare cash plan
- Bike2work scheme
- Share option scheme and profit share scheme
- Payment for up to two professional memberships each year
- Free on-site parking
- Holiday purchase and carry over schemes
- A happy, healthy working environment and a great group of people to work with

If you are looking for an interesting and varied job where you can use your skills to make a real

difference we look forward to hearing from you! Please submit your CV online, together with a covering letter to careers2020@third.com. Please specify the vacancy reference number when applying – V2008.

You must be able to provide proof of your eligibility to work in the UK and proof of skills and qualifications gained. Appointment of successful applicants will also be subject to receiving suitable references.

We respect and value everyone's contribution. Third Dimension is an equal opportunities employer. We are committed to providing an environment that supports and encourages the many skills, interests and backgrounds and experiences that people from different social groups can bring. We strive to provide a workplace which is free from discrimination, harassment and bullying, and where everyone is treated with respect and dignity.

We are not accepting CV's from recruitment agencies.
